EDUCATIONAL FACILITIES CONTINUE TO EXPAND

## TADZHIK SCHOOL FIGURES -- Trud, No 137, 12 Jun 49

There are now 31 technical schools and eight higher educational institutions in the Tadzhik SSR. These include the Tadzhik State University, a medical institute, an agricultural institute, and a pedagogical institute.

## MOLDAVIAN INSTITUTE GRADUATES TEACHERS -- Sovetskaya Moldaviya, No 112, 7 Jun 49

The Kishinev Pedagogical Institute will hold its fifth graduation this year. The institute this year has prepared 79 instructors in literature, Russian language, history, physics, mathematics, natural sciences, and geography.

Examinations started at the Bel'tsy and Tiraspol' Teachers' Training Institutes and at the pedagogical schools on 1 June. This year, institutes and schools will graduate more than 800 teachers for primary, 7-year, and secondary schools.

## KHBAROVSK MINING SCHOOL RECRUITS -- Tikhookeanskaya Zvezda, No 118, 21 May 49

The Khabarovsk Mining Technical School of the Ministry of the Coal Industry USSR is admitting students for the 1949 - 1950 school year to the first year and senior classes in the fields of: open-pit coal deposits, mine electro-mechanics, and quarry transport. The school admits both men and women students from 14 to 30 years of age. Applicants must pass entrance examinations in the USSR Constitution, Russian language, and mathematics. Applicants who have completed secondary school with a grade of 5 in all major subjects in 1948 or later will be admitted on a noncompetitive basis and will be exempt from entrance examinations. Applicants who have completed ten grades of secondary school will be admitted to the senior class and to short courses in individual training groups, and will also be exempt from entrance examinations.

Persons of any age who have had practical experience in a special field will be allowed to take the school's regular examinations in their field without attending classes.

Students will be provided with uniforms, dormitory quarters, and the following stipends: for fields requiring underground work, 285 to 470 rubles; for other fields, 185 to 370 rubles per month depending on the course and field. Outstanding students in all fields will receive a stipend 25 percent higher than the average.

The training period lasts 4 years. After one year of work in industry, those who have completed the school will be given personal titles and the right to receive medals, orders, and all privileges granted by the government on 10 September 1947 to coal industry workers.

Applications will be accepted from 1 June to 31 July. Entrance examinations will be given from 1 to 20 August; classes start on 1 September. Apply: Mining Technical School, 76 Street imeni Dzerzhinskiy, Khabarovsk.

**KOMSOBOL'SK CONSTRUCTION SCHOOL SEEKS STUDENTS** -- Tikhookeanskaya Zvezda, No 718, 21 May 49

The Komsomol'sk-on-Amur Construction Technical School announces admission of students to all courses of the school for the 1949 - 1950 school year in the fields of industrial and civilian construction and maritime hydrotechnical construction. Entrance requirements are similar to those of all USSR technical schools. Applications will be accepted from 1 June to 20 August; entrance examinations will be given from 10 to 25 August. Classes start on 1 September.

All students will be released from work in enterprises and will be deferred from the Army draft.

The technical school has 4-month training courses for persons who have completed six grades of schooling. These courses will start on 1 June. Apply: Construction Technical School, Prospekt imeni Lenin, Komsomol'sk-on-Amur.

**RIVER TECH HAS FIRST GRADUATION** -- Rechnoy Transport, No 43, 31 May 49

The first group of 21 technical planners has completed the course at the Moscow River Technical School. Shashkov, Minister of the River Fleet USSR, sent congratulations and Metalin, director of the Technical School, and Solov'yev, chairman of the State Examination Commission, congratulated the graduates in person.

The young planners have received the title of technical lieutenant and will be sent to the Don, the Neiman, the northern and central Asia river basins, and to the Vyatka.

**NOVOSIBIRSK MEDICAL INSTITUTE ADMITS STUDENTS** -- Sovetskaya Sibir', No 102, 25 May 49

The Novosibirsk Medical Institute announces admission of students for the 1949 - 1950 school year.

Highly qualified professors and well-known scientists from Novosibirsk Oblast are connected with the institute.
